Students Selecting Their Future High School

Creighton School District is hosting the first annual High School Fair tonight at 5:00 p.m. at Creighton Elementary School, 2802 E. McDowell Road. The purpose of this fair is to give parents an opportunity to meet and talk to local public, private and charter high school representatives and to aid in the selection of the one that best fits their child's aspirations. Creighton School District is committed to providing its students with options to advance their future educational goals and we believe this fair will provide valuable information in a single location. There will be approximately 20 - 30 high schools represented at the fair to share information about programs, clubs, sports, AIMS testing, academic focus, and various other facts.
