In addition to helping students excel in academic achievement and social development, full-day kindergarten is a fun and exciting place to learn. Its nurturing

and creative environment builds a strong foundation for life and learning. Full-day kindergarten also makes the transition to elementary school easier.

**OUR STAFF**

Classes are taught by certified teachers who provide activities and learning experiences that develop intellectual, emotional, physical and social abilities. Subjects include reading, mathematics, language, science, art and music.

If you have a child ready to start kindergarten, we invite you to check out the exceptional classes offered at L. C. Kennedy Elementary.

**CULTIVATING  
ACADEMIC  
ACHIEVEMENT  
THROUGH  
QUALITY  
EDUCATION**

# Dedicated to Excellence

Every student deserves a quality education. At L. C. Kennedy Elementary, we are committed to creating a safe learning environment, partnering with parents, and supporting our teachers with cutting edge teaching strategies. Our mission is to ensure each and every student receives the skills necessary to be successful in higher education and life.

**State-of-the-Art Technology** - The combining of wireless technology with laptop computers has propelled L. C. Kennedy to the forefront of learning. With our mobile computer labs, each student has access to his or her own computer. Students and teachers are able to take advantage of exciting, new computer- and internet-based learning opportunities, providing them with access to an abundance of information on nearly any subject.

A QUALITY EDUCATION STARTS WITH QUALITY TEACHERS

## Caring Teachers

Our teachers and staff have high expectations for our students and are dedicated to helping them reach their full potential. The teacher development programs at L. C. Kennedy are designed to accelerate the learning of all students, so they can reach the highest levels of academic achievement.

## Parent Involvement

Parent involvement is a major factor influencing a child's success. L. C. Kennedy's teaching staff and our parent liaison work closely with parents to help them assist their children at home in an effort to get the best possible results.

## Gifted and Talented Programs

L. C. Kennedy offers a gifted and talented program which provides enrichment and academic acceleration for gifted students. It is available to all students who qualify.

## Extended Learning Opportunities

L. C. Kennedy's exceptional extracurricular programs provide students an avenue to pursue personal goals and interests. Choir, band, steel drum band, tutoring, science/space lab, and hiking club are some of the many activities offered. These activities provide an environment for personal growth and character building. Through student council and service organizations such as Kiwanis Builder and Explorers Club, students are empowered to make positive changes in the school and community. Our school recycling program teaches conservation of resources and environmental responsibility.

**Junior Ambassadors** - One of our most acclaimed extracurricular activities is our Junior Ambassador program. It's an outstanding way for students to broaden their horizons and prepare for

our growing global economy. We partner with schools in Japan, Mexico, and Germany where our students go to study their cultures and traditions firsthand.

Many junior ambassadors visit our nation's capitol each year to see our government in action and visit the numerous historical sites and monuments.

Students in our zoo program learn about the animals and habitats of the Arizona Trail and the African Trail. They also meet zoo keepers, learn zoo management, and pen pal with students in Kenya, Africa.

## Sports

A variety of after-school sports such as flag football, basketball, soccer, and volleyball are available for sixth through eighth graders.
