www.creightonschools.org/lomalinda

In addition to helping students excel in academic achievement and social development, full-day kindergarten is a fun and exciting place to learn. Its nurturing

and creative environment builds a strong foundation for life and learning. Full-day kindergarten also makes the transition to elementary school easier.

OUR STAFF

Classes are taught by certified teachers who provide activities and learning experiences that develop intellectual, emotional, physical and social abilities. Subjects include reading, mathematics, language, science, art and music.

If you have a child ready to start kindergarten, we invite you to check out the exceptional classes offered at Loma Linda Elementary.

CULTIVATING
ACADEMIC
ACHIEVEMENT
THROUGH
QUALITY
EDUCATION

Dedicated to Excellence

Every student deserves a quality education. At Loma Linda Elementary, we are committed to creating a safe learning environment, partnering with parents, and supporting our teachers with cutting edge teaching strategies. Our mission is to ensure each and every student receives the skills necessary to be successful in higher education and life.

State-of-the-Art Technology - The combining of wireless technology with laptop computers has propelled Loma Linda to the forefront of learning. With our mobile computer labs, each student has access to his or her own computer. Students and teachers are able to take advantage of exciting, new computer- and internet-based learning opportunities, providing them with access to an abundance of information on nearly any subject.

A QUALITY EDUCATION STARTS WITH QUALITY TEACHERS

Caring Teachers

Our teachers and staff have high expectations for our students and are dedicated to helping them reach their full potential. The teacher development programs at Loma Linda are designed to accelerate the learning of all students, so they can reach the highest levels of academic achievement.

Parent Involvement

Parent involvement is a major factor influencing a child's success. Loma Linda teaching staff and our parent liaison work closely with parents to help them assist their children at home in an effort to get the best possible results.

Gifted and Talented Programs

Loma Linda offers a gifted and talented program which provides enrichment and academic acceleration for gifted students. It is available to all students who qualify.

Extended Learning Opportunities

After-school academic and athletic enrichment is available for all students. These activities provide an environment for personal growth and character building.

The library is open after school for students to research or use laptop computers. As students reach their reading goals, they may check out DVDs, digital cameras, and laptop computers as part of the Books-n-Bytes program. Our students are proud to showcase their skills in District Battle of the Books and Spelling Bee competitions. Students can make music part of their lives by joining the Loma Linda choir, band or hip-hop dance team.

Through student council and service organizations, students are empowered

to make positive changes in the school and community.

Junior Ambassadors - One of our most acclaimed extracurricular activities is our Junior Ambassador program. It's an outstanding way for students to broaden their horizons and prepare for our growing global economy. We partner with schools in Japan, Mexico, and Germany where our students go to study their cultures and traditions firsthand.

Many junior ambassadors visit our nation's capitol each year to see our government in action and visit the numerous historical sites and monuments.

Sports

Loma Linda offers football, volleyball, basketball, soccer, softball, and tennis for students looking for an athletic challenge.
