ELEMENTARY SCHOOL

A PLACE FOR GROWING MINDS

FULL-DAY KINDERGARTEN

2140 E. Virginia Avenue • Phoenix, Arizona 85006

602.381.6120

[www.creightonschools.org/machan](http://www.creightonschools.org/machan)

In addition to helping students excel in academic achievement and social development, full-day kindergarten is a fun and exciting place to learn. Its nurturing and

creative environment builds a strong foundation for life and learning. Full-day kindergarten also makes the transition to elementary school easier.

### OUR STAFF

Classes are taught by certified teachers who provide activities and learning experiences that develop intellectual, emotional, physical and social abilities. Subjects include reading, mathematics, language, science, art and music.

If you have a child ready to start kindergarten, we invite you to check out the exceptional classes offered at Machan Elementary.

CULTIVATING  
ACADEMIC  
ACHIEVEMENT  
THROUGH  
QUALITY  
EDUCATION

# Dedicated to Excellence

Every student deserves a quality education. At Machan, we are committed to creating a safe learning environment, partnering with parents, and supporting our teachers with cutting edge teaching strategies. Machan School is a learning community working together to create a future of opportunity and success.

**State-of-the-Art Technology** - The combining of wireless technology with laptop computers has propelled Machan to the forefront of learning. With our mobile computer lab, each student can have access to his or her own computer. Students and teachers are able to take advantage of exciting, new computer- and internet-based learning opportunities, providing them with access to an abundance of information on nearly any subject.

A QUALITY EDUCATION STARTS WITH QUALITY TEACHERS

## Caring Teachers

Our teachers and staff have high expectations for our students and are dedicated to helping them reach their full potential. The teacher development programs at Machan are designed to accelerate the learning of all students, so they can reach the highest levels of academic achievement.

## Parent Involvement

Parent involvement is a major factor influencing a child's success. Machan's teaching staff and our parent liaison work closely with parents to help them assist their children at home in an effort to get the best possible results.

## Special Academic Programs

Machan's CAAP (Creighton Able and Ambitious Program) provides enrichment and academic acceleration for gifted students. Arizona Quest for Kids is a mentoring and scholarship program for students in grades 6-8. Our dual language classes help students who qualify build on their first language while being enriched in a second.

## Extended Learning Opportunities

Machan has exceptional extracurricular programs which provide students with an avenue to pursue personal goals and interests. These activities provide an environment for personal growth and character building. Art, drama, poetry, choir, band, sports, cheer, tutoring and academic acceleration programs are some of the many activities offered. Through student council and our service organizations, students are empowered to make positive changes in the school and community.

**Junior Ambassadors** - One of our most acclaimed extracurricular activities is our Junior Ambassador program. It's an outstanding way for students to broaden their horizons and prepare for our growing global economy. We partner with schools in Japan, Mexico, and

Germany where our students go to study their cultures and traditions firsthand.

Many junior ambassadors visit our nation's capitol each year to see our government in action and visit the numerous historical sites and monuments.

### Mars Student Imaging Project

Students participate in a semester long research study at Arizona State University in which they use cutting edge technology to map and study the surface of Mars.

### Artist in Residence Program

Residencies supported by the Phoenix Office of Arts and Culture and the Arizona Commission on the Arts are available to students twice per year.
