

STRATEGIC PLAN UPDATES

MONTE VISTA LISTENING SESSION

DATE: 11/17/2021

MEETING SYNOPSIS

At the Monte Vista Listening Session, community members reviewed the District's current mission, vision, profile of a student, and strategic goals. Then, the facilitator set ground rules for the session, defined a "Strategic Plan," explained the process for the district, and asked the attendees for their input.

IMPORTANT NOTES

Participants shared:

What have you loved about your child's experience in the district? What makes you proud to have your child in this district?

- The extracurricular programs that are offered at my child's school
- The support that the teachers and staff is excellent
- The high level of teaching is noticeable in the outcome of my children's academic achievement
- The communication between professors and parents
- The relationships between students and the teachers
- The arts program in the school

Looking three years into the future, what could we change to better support everyone's children in the district?

- There is nothing to change but I would like for the extracurricular programs to continue since they are very important to my child's development
- We want to bring back the SRO offices to the school
- We want to have parents on campus more often to build a sense of community
- Training for students and parents on drugs
- Parents should be able to give schools permission to search backpacks at any time

From your perspective, what should be the district's number one focus for the next three years?

- School security
- Student Safety
- Communication between the school and parents
- More communication about the security of our children and what happens in the school specifically when it comes to drugs
