Creighton Elementary School District Responsible Use Agreement for Students 2021-2022

Creighton students have the opportunity to use technology that facilitates creativity, communication, collaboration, and critical thinking in a digital world. As students are expected to apply these skills, we also want them to be safe, legal, and responsible. This responsible use agreement supports our vision of technology use and upholds in our students a strong sense of digital citizenship.

Creighton students will use technology to help them prepare to work, live, and contribute in a digital world. Creighton encourages students to use technology to:

- facilitate creativity and innovation
- support communication and collaboration
- think critically
- publish creative content
- seek knowledge and extend research
- increase technology literacy
- promote digital citizenship

Being a digital citizen requires new skills and a responsibility for students to use information and technology in a safe, legal manner. Being a responsible digital citizen, you agree to the following:

- **Respect Yourself.** I will consider the information and content that I post online. All online actions leave a permanent record, even when deleted.
- **Protect Yourself.** I will not publish my personal details, contact details, or a schedule of my activities.
- **Respect Others.** I will not use technologies to bully or tease other people. I will not share or use another student's password to log into the network or any software applications.
- **Protect Others.** I will protect others by reporting abuse and not forwarding inappropriate materials or communications.
- **Respect Intellectual Property.** I will suitably cite any and all use of websites, books, media, etc.
- **Protect Intellectual Property.** I will request permission to use the software and media

others produce.

- **Act Responsibly.** I will follow all CSD rules for behavior while using any computer or technology related equipment or software.
- **Protect the Equipment.** Food, drink, and physical abuse will cause damage to technology devices. I am responsible for the device when in my care. I will be held responsible for any damage to the equipment and understand that payment for damage to district property may occur. (Arizona State Statute (A.R.S. § 15-727)).
- **Report Abuse.** I will report misuse and abuse of school resources to the proper school personnel and will assist in creating a safer environment for all.
- **Logging On/Off.** I am responsible for properly logging on and off web applications and devices to ensure security of my username and password.

Collaborating and sharing creative content is an encouraged practice for all Creighton students. Students may create digital content such as presentations, blogs, podcasts, videos, and wikis. Creighton uses district websites, Google Apps for Education, and other moderated sites to share school and student work. These are district-moderated sites, where students can collaborate online with teacher supervision. Student full names and personal information are always kept confidential and are not shared online. **By agreeing to this, you agree to allow the Creighton School District to publish your child's creative content where appropriate.**

Adventurous Thinkers • Collaborative Learners • Kind Hearted Leaders

By signing this agreement, I agree to adhere to the Creighton School District Responsible Use Agreement. I understand that should I violate anything in the responsible use agreement, I could face disciplinary action at my school's discretion.

As the parent or guardian of this student, I have read the 2021-2022 Responsible Use Agreement. I understand that technology is provided for educational purposes in keeping with the academic goals of the Creighton School District, and that student use for any other purpose is inappropriate. I recognize that it is impossible for the district to restrict access to all controversial materials, and I will not hold the district responsible for materials acquired on the school network.

I hereby give permission for my child to use technology resources and the Internet at the Creighton School District.
